concentration refers to the mental effort you direct toward whatever you're working on or learning at the moment it's sometimes confused with attention span but attention span refers to the amount of time you can concentrate. A concentrate is a form of substance that has had the majority of its base component removed. In the case of a liquid, the solvent removed typically will be the removal of water from a solution or suspension such as the removal of water from fruit juice to put or bring into a single place group etc. The nation's wealth had been concentrated in a few families to intensify, make denser, stronger, or purer, especially by the removal or reduction of liquid. To concentrate fruit juice, to concentrate a sauce by boiling it down, verb used without object, concentrated, concentrating to direct your attention or your efforts towards a particular activity, subject, or problem. Come on, concentrate, we don't have all day to do this, I can't concentrate on my work with all that noise.
